1.

The screenshot shows the SABA Content Library interface. The top navigation bar includes 'HOME', 'ME', and 'ADMIN'. The left sidebar lists various management options, with 'Content Library' selected. The main content area displays the 'Content Library' page, which includes a 'Browse' button and a search field. Below this is the 'Production Repository' section, which contains a table with columns for 'Item' and 'Actions'. The table lists two items: 'Production' and 'CP_INTUITION'. A red arrow points to the 'CP_INTUITION' item. To the right of the table, there are buttons for 'New Sub Folder', 'Edit Folder', and 'Add To Interest List | My Interest List'. Below the table is a 'Contents' section with the message 'No items found' and a 'REFRESH' button.

2.

The screenshot shows the SABA Content Library search interface. The top navigation bar includes 'Admin', 'Learning', 'Manage Content', and 'Content Library'. The left sidebar lists various management options, with 'Content Library' selected. The main content area displays the 'Content Library' page, which includes a 'Browse' button and a search field. Below this is a search filter section with various fields for filtering results, including 'Name', 'Content Format', 'Language', 'Keywords', 'Available From', 'Last Modified On', 'Skill', 'Used as Survey, Evaluation, or Multi-Rater Assessment', 'Content Provider', 'OLSA Asset Update Failed', 'Version Number', 'Content Type', 'Author', 'Folder Name', 'Available From', 'Last Modified On', 'Status', 'Owner', and 'Delivery Vendor'. A red arrow points to the search field. Below the search filters is a 'Contents' section with a table showing search results. The table has columns for 'Name', 'Version Number', 'Content Format', 'Folder Name', and 'Actions'. The first row shows the result 'INT_SCB_S_and_S_Non_Rando...' with a red arrow pointing to it. Below the table is a note: 'The maximum number of results shown are 500. Please use the search filters to refine your search.'
